Modamoda

Modamoda Pro-change Black Shampoo

Product description

Modamoda Shampoo is made up of natural ingredients proven to be beneficial in promoting hair strength, reducing hair fall, moisturizing the scalp, and adding shine to your hair. Taking its inspiration from nature, it harnesses the natural anti-oxidization action of polyphenol observed in the browning process of fruits and vegetables. This process made it possible to turn gray hair brown-black without harmful hair dye substances like PPD while it nourishes and promotes healthy hair and scalp. The patented formula, co-developed with KAIST(Korea MIT) researchers, is derived from natural ingredients with safety as # 1 priority.

Benefits

It not only gives gray coverage but also reduces hair loss, promoting your hair strength, reducing hair fallout, moisturizing the scalp, and adding volume and shine to your hair. Your safety is our priority – Our shampoo is Dermatologically/Clinically Tested so Safe for Skin. No harmful hair dye ingredients such as PPDA, Toluene-2, 5-Diamine sulfate, and the eight additives(silicon, paraben, sulfate, mineral oil, PAM, Imidazolidinyl urea, Triethanolamine, artificial colorant and fragrance.

Boto Botanicals Smoothing Eye Balm

Product description

Smooth and revive the delicate skin contour of the eye with this calming balm formulated with skin-firming and anti-aging pracaxi oil and packed with antioxidants from açai and passionfruit. Hyaluronic acid and coconut oil lock in hydration and provide a brightening effect around the eyes. The balm helps to reduce the appearance of fine lines and wrinkles as well as dark circles, allowing for younger, healthier looking eyes. 100% Natural. Vegan Friendly. Cruelty Free. Made in Brazil.

Benefits

Pracaxi: high concentration of behenic acid to brighten the skin and lower the appearance of scars. Passionfruit: rich in vitamins A and C offering great anti-aging benefits. These antioxidants, along with riboflavin and carotene, help skin retain moisture and improve blood flow, making it look younger and preventing visible signs of wrinkling. Acai: one of the best antioxidants and is also rich in phytonutrient and a good source of essential fatty acids. It can help boost skin radiance. Copaiba: an exceptionally rare and vital resin that has highly protective, anti-inflammatory, anti-bacterial, anti-fungal, and anti-germicidal properties.

Voesh New York Vitamin C Shower Filter

Product description

Water is essential for humans, and we absorb water with impurities everyday in the shower. Did you know that harmful chemicals in shower water can cause irritation and inflammation of your skin, including your scalp? Hot water exacerbates those effects. Shower & Empower Vitamin C Shower Filter removes residual chlorine and other impurities from that essential water for your skin while you shower. So easy to install onto any standard shower fixture and last for up to 110 showers. Transform your bathroom into a spa; and, brighten your mood with five luxurious scents.

Benefits

Shower & Empower Vitamin C Shower Filter has three benefits. Primarily, it removes residual chlorine and other impurities from that essential water for your skin while you shower. In addition, VOESH has created a unique formula of three key ingredients: vitamin C, vegan probiotics and oatmeal powder. Vitamin C brightens your skin and enhances the glow, oatmeal powder soothes and reduces any inflammation or irritation caused by impurities in the water, and finally, vegan probiotics improves skin texture and enhances your skin microbiome, or barrier. Finally, it transforms your bathroom into a spa with five luxurious scents.

Rebalance Women'S Skin During The Menstrual Cycle

Product description

My Period is a custom treatment program to rebalance women's skin during the menstrual cycle. A program of 9 serums with 3 specific formulas, to begin on the first day of a period for 9 consecutive days to limit the visible signs of the menstrual cycle on the skin. Every month, the skin becomes more balanced. Imperfections and discomfort are reduced. The signs of fatigue are diminished. The skin finds a sense of calm once more and is left visibly more beautiful.

Benefits

Day 1 to 3: purifying serums with mint extract, which purifies and deep-cleanse the skin to eliminate imperfections due to the hormone spike at the start of your period. Day 4 to 6: soothing serums with jasmine extract, which soothe, comfort, and nourish skin made sensitive by fluctuations in the stress hormone during your period. Day 7 to 9: energizing serums with orange extract, which restore energy and strength to tired skin, to revive its glow, and reduce the signs of fatigue.

Product description

CompleXion has been specially designed to simplify colour matching of cosmetics to a client's skin tone. The wand, is a portable spectrophotometer that communicates to the main system via Bluetooth. The wand is lightweight, designed to be held in the hand for long periods, and features a rubberised tip that contacts the skin. The tip is removable for easy cleaning, additional rubber tips are available to ensure fast service between patients scans. The spectral sensors and illumination source are recessed behind the tip ensuring a fixed distance for consistent scanning. The Hub functions as a charging and wand calibration point.

Benefits

Digispectro Complexion is specifically designed for the cosmetic industry to scan skin colour using a spectrophotometer to measure the way light is absorbed and reflected in the same way the human eye perceives it. The result, independent of lighting conditions, allows a specific colour to be determined to ensure a precise match by using science rather than guesswork. As a cosmetics retailer CompleXion will provide a unique and exceptional customer service experience, providing a point of difference in the highly competitive cosmetics market.
